

Our Strategic Plan 2022 - 2025

The Tree House

Middlemore Hospital
Staff Childcare Centre Inc

Our Vision

We provide a nurturing and positive haven for tamariki where they are guided to explore, play, and learn through meaningful relationships and experiences. Aroha is at the heart of The Tree House, empowering us as whaanau, kaiako and community to grow together.

Our Values

Ngaakau pai | Positive Whanaungatanga | Relationships Aroha | Love Tupu | Grow

Our Philosophy

We believe tamariki learn and develop best in an early childhood environment that is safe and inclusive, where kaiako view and respect tamariki as competent and capable, holding high aspirations for every tamariki. The kaiako role is as a co-researcher and co-constructor in the learning process, which allows tamariki to explore, question, reflect, problem solve, theorise, and encourages their self-expression. Kaiako document the work of tamariki in a positive way, enabling tamariki to revisit their learning with their whaanau.

Tamariki and whaanau are at the centre of our learning philosophy. We acknowledge that tamariki learn through the relationships they form and experiences they have. We value the collaborative relationships that we have with whaanau and welcome their participation in our programme to ensure we are responsive to their needs. We reflect a whaanau environment for our tamariki with kaiako working as a team and opportunities for tamariki to learn about caring for each other through play with tamariki of different ages and their siblings. We incorporate the Principles, Strands and Goals of Te Whaariki – He Whaariki Maatauranga mo nga Mokopuna o Aotearoa – The Early Childhood Curriculum, which reflects these holistic ways tamariki learn, grow, and strive to achieve outcomes consistent with Te Ara Poutama Indicators of Quality for Early Childhood Education.

Our Centre and kaiako are also guided by the Educational Leadership Capabilities Framework. This framework informs our approach to leadership development, supporting our kaiako to shape and critically reflect on programmes, individual pathways, overall practice and organisational strengths and needs. From these critical reflections and demonstration of new capabilities, we generate priorities for professional learning and continuous growth, and therefore our leadership capacity. Quality educational leadership enables innovation and the spread of best practice amongst our kaiako, which results in positive learning outcomes for our tamariki.

The outcomes we work towards with our tamariki focus on supporting them to develop into confident learners and communicators, healthy in mind, body and spirit, secure in their sense of belonging and in the knowledge that they make a valued contribution to our community.

Our Mission

To deliver inclusive, high quality early childhood education that is accessible, responsive and inspiring.

Our Centre will provide

- A service that is connected and responsive to our community needs, preferences and resources
- A strong and effective teaching team of caring, qualified, and experienced kaiako
- Secure, consistent relationships between a team of kaiako and tamariki
- Inclusive and innovative learning and teaching practices
- A culture that celebrates diversity and promotes the articles and principles of Te Tiriti o Waitangi and bicultural learning
- A comfortable warm, well-organised indoor environment and natural, spacious outdoor setting
- Nourishing kai and active play that supports healthy development
- Inspired and committed leadership and governance
- Leadership sustainability with ongoing improvement and innovation.

How are we doing?

We have a well-functioning fully recruited governance committee that has a strong relationship with the Centre Director. There is periodic turnover of committee members due to their tamariki moving into their school years which means recruitment of new members is a regular activity.

Our management structure has clear lines of responsibility and accountability with a competent leadership team of the Centre Director and Room Coordinators. There are fully documented policies and processes covering governance, operations, health and safety and curriculum that are annually reviewed. We have technology and resources in place for improving the efficiency of our operations.

Our team, like our tamariki, are culturally diverse and we celebrate this regularly through events and learning activities. Te Reo Maaori and tikanga are incorporated into everyday routines and programming. Our curriculum is further supported by an excellent outdoor learning environment and high quality, newly renovated premises.

While there is currently a stable teaching and support staff team, we experience ongoing challenges with attracting qualified staff to comply with the qualified kaiako to student ratios set by the Ministry of Education. The Centre manages these staffing challenges effectively, retaining a reliable pool of relievers and incentivising appropriate staff development to qualification.

Our main income comes from government funding, topped up by parent fees that are purposefully kept low, which adds further importance to maintaining our ratios. We are a community-run organisation and registered charity with not-for-profit status. Our finance is managed by the Centre Director, Treasurer and an external early childhood specialist accountant and is audited annually. Our financial management is very good, and we have a well-resourced centre with monthly resource budgets allocated.

The early childhood education (ECE) sector is under review and in the political spotlight nationally, contributing to a level of uncertainty. The Ministry of Education has moved to create a new funding band for having 100% fully qualified kaiako, as well as implementing a funding category if centres attest to Pay Parity with kindergarten staff. This adds to the existing staffing pressures in the Auckland region with its rapid population growth and high cost of living, particularly for our Centre which is in an area of high deprivation.

Our local area has many early childhood education providers, and most nearby ECE centres offer highly government-subsidised care. We accept tamariki from our local community, but our centre is primarily filled by tamariki of parents who work for Te Whatu Ora Counties Manukau at present.

Our strategic priorities 2022-2025

Our strategic priorities are informed by the National Education and Learning Priorities and developed in partnership with The Tree House kaiako, tamariki and whaanau to reflect our local needs, aspirations, and values.

1. Workforce Development: Provide an environment and experience that will grow, attract, and retain excellent staff.

Our value TUPU

- Foster an environment and culture where staff feel valued and connected to The Tree House
- Strengthen staff engagement in their development and Centre performance
- Empower our staff to utilise Teaching as Inquiry
- Support career opportunities through visible leadership pathways
- Proactively manage a pipeline of development
- Demonstrate effective leadership

2. Community Connection: Facilitate greater whanaungatanga and whaanau involvement.

Our value WHANAUNGATANGA

- Provide clear, relevant and timely communication with parents and whaanau
- Promote and grow our relationships with Te Whatu Ora Counties Manukau
- Increase our enrolments and access for whaanau Maaori, Pasifika and tamariki with learning support needs
- Raise awareness and presence in the local community

3. Sustainability: Maintain a financially and socially responsible Centre that cares for our environment.

Our value AROHA

- Maintain effective financial management
- Encourage healthy, socially aware and value-driven practices
- Integrate environmental sustainability into operations and programme planning

- Enhance Governance Committee retention, succession planning and understanding of the strategic environment
 - Uphold high standards and kaitiakitanga of our physical environment
 - Undertake internal and external evaluation for ongoing operational improvement
4. Curriculum: Build an engaging programme that meets individual needs, reflects our community and fosters a positive learning experience.

Our value NGAAKAU PAI

- Align teaching and learning with The Tree House strategic plan
- Continue to implement meaningful te reo and tikanga into our learning programme and everyday life at the Centre
- Appreciate our diverse cultural community within The Tree House
- Provide an inclusive curriculum where each learner feels a sense of belonging and is supported to realise their aspirations
- Identify and address gaps in teaching and learner support capability, confidence and competence
- Expand age-appropriate teaching and technology utilisation
- Deliver foundational language, literacy and numeracy skills and a thriving school readiness programme

Note: Measures will be for the duration of the plan unless otherwise stated.

1. Workforce Development: Provide an environment and experience that will develop, attract, and retain excellent staff

Our kaiako and management are the primary means by which we achieve our vision. It is critical we maintain an environment where teachers are supported with professional development and continuous improvement is fostered. Through this experience we create opportunities to attract, develop and retain excellent kaiako.
